INSTRUCTIONS

1

Spread open the nappy with the soft, absorbent pad facing up. Place baby on the nappy with the grip tabs behind baby's waist. Bring the front of the nappy up between baby's legs and fit it snugly across baby's waist.

2

Open the grip tabs and press securely onto the frontal grip strip. Run finger gently around the soft leg cuffs to ensure they are not folded to the inside.

3

The grip tab system allows you to refasten or reposition as often as required. It is not affected by powder, cream or oil.

SOFT WAISTBAND:
For a snug and comfortable fit.

GRIP TABS:
Refasten or reposition, providing a comfortable and secure fit for baby.

DRY FEEL LINER:
To keep wetness away from baby's sensitive skin.

SOFT LEG CUFFS:
For a comfortable fit and extra leakage protection.

CLOTH-LIKE OUTER COVER:
For a soft feel.

TO DISPOSE OF NAPPY:

Release grip tabs. Remove excess soiling and flush it down the toilet. Roll nappy into a tight ball and reseal with the grip tabs. Dispose of the soiled nappy in the rubbish bin.

DO NOT FLUSH BUDGET NAPPIES DOWN THE TOILET.

WARNING: To avoid the risk of choking, do not allow your baby to tear at the nappy.

Discard any torn or unsealed nappy. Choking may result from anything babies put in their mouths. Always keep your child away from any source of flame. Like most articles of clothing, disposable nappies will burn if exposed to a flame. Keep this bag away from children to avoid any risk of suffocation.
