

## XP15000EH

### 15000-Watt V-Twin Electric Start Dual Fuel Hybrid Portable Generator

The DuroMax XP15000EH provides the power of a large home standby generator in the footprint and transportation of a portable generator. Boasting the newest engine design from DuroMax is the 713cc V-Twin engine that powers this model. It is perfect for homeowners looking for a reliable power source during any power outage. The XP15000EH is also more than capable of powering multiple power tools and a crew on a jobsite. This unit will not shy away from hard work and will keep going through the most demanding power situations.

**15000** PEAK WATTS  
WATTS GENERATED DURING SURGES

**12000** RUNNING WATTS  
WATTS GENERATED DURING NORMAL OPERATION

#### Features

**Dual Fuel** - Runs on Gasoline or Propane.

**V-Twin Engine** - Power through the most demanding applications.

**All Metal Construction** - Heavy duty steel frame comprised of 1-Inch steel tubing.

**Digital Volt Meter** - Measure the output of the generator and keep track of maintenance hours.

**EPA and CARB Certified** - Optimized for low emissions and approved for use in all 50 states.

**World Class Warranty** - 3 year residential, 1 year commercial.

#### Why Dual Fuel?

**Flexibility**  
Run on gasoline or propane.

**Cleaner Burning**  
Propane won't harm engine internals.

**Longer Shelf Life**  
Propane can be stored indefinitely.

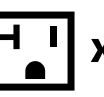

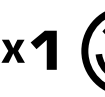

**Reduced Operating Cost**  
Propane is generally less expensive.

#### Suggested Uses

#### Power Panel Outlets

#### Specifications

Engine Displacement	713cc
Peak Watts	15,000 Watts
Running Watts	12,000 Watts
Horsepower	23 HP
Amperage	50A
Voltage	120V / 240V
Noise Level	72dB (50% Load)
Fuel Type	Gasoline and Propane
Engine Type	V-Twin
Runtime @ 1/2 Load	8 Hrs Gas / 14 Hrs Propane*
Low Oil Shutdown	Yes
Starting Method	Electric
Product Weight	347 lbs.

\*Based on a 100lb. Propane Supply

# XP13000EH

## 13,000-Watt Electric Start Dual Fuel Hybrid Portable Generator

DuroMax's new XP13000EH Dual Fuel Hybrid, 13,000 Watt Generator offers the maximum versatility, performance, and is the perfect generator for powering your whole home during any power outage. It's Dual Fuel capability allows you to run on Gasoline or Propane. This unit provides power normally found in home standby units but in a portable package. DuroMax's XP13000EH is top of its class offering more power and features than the competition!

**13000** PEAK WATTS  
WATTS GENERATED DURING SURGES

**10500** RUNNING WATTS  
WATTS GENERATED DURING NORMAL OPERATION

### Features

**Dual Fuel** - Runs on Gasoline or Propane.

**MX2 Power Boost Technology** - Double the 120V power for appliances and RV's.

**Electric Start Engine** - 20HP OHV DuroMax engine built for your most demanding power needs.

**All Metal Construction** - Heavy duty steel frame comprised of 1-Inch steel tubing.

**EPA and CARB Certified** - Optimized for low emissions and approved for use in all 50 states.

**World Class Warranty** - 3 year residential, 1 year commercial.

### Why Dual Fuel?

**Flexibility**  
Run on gasoline or propane.

**Cleaner Burning**  
Propane won't harm engine internals.

**Longer Shelf Life**  
Propane can be stored indefinitely.

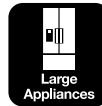

**Reduced Operating Cost**  
Propane is generally less expensive.

120v 20A GFCI Outlet

### Specifications

Engine Displacement	500cc
Peak Watts	13,000 Watts
Running Watts	10,500 Watts
Horsepower	20 HP
Amperage	87.5A / 43.8A
Voltage	120V / 240V
Noise Level	74dB (50% Load)
Fuel Type	Gasoline and Propane
Engine Type	4-Stroke / Single Cylinder
Runtime @ 1/2 Load	8 Hrs Gas / 7 Hrs Propane*
Low Oil Shutdown	Yes
Starting Method	Push Button Electric / Recoil
Product Weight	232 lbs.

\*Based on a 40lb. Propane Supply

## XP12000EH

### 12,000-Watt Electric Start Dual Fuel Hybrid Portable Generator

Offering power and versatility, the XP12000EH is the dual fuel generator you've been missing. Producing over 12,000 watts you can rest assured you will stay powered through any storm. Perfect for home backup, the dual fuel option doubles fuel life when running propane, making this unit an effective, low-maintenance solution for your home standby needs.

**12000** PEAK WATTS  
WATTS GENERATED DURING SURGES

**9500** RUNNING WATTS  
WATTS GENERATED DURING NORMAL OPERATION

#### Features

**Dual Fuel** - Runs on Gasoline or Propane.

**MX2 Power Boost Technology** - Double the 120V power for appliances and RV's.

**Electric Start Engine** - 18HP OHV DuroMax engine built for your most demanding power needs.

**All Metal Construction** - Heavy duty steel frame comprised of 1-inch steel tubing.

**EPA and CARB Certified** - Optimized for low emissions and approved for use in all 50 states.

**World Class Warranty** - 3 year residential, 1 year commercial.

#### Why Dual Fuel?

**Flexibility**
