- Very effective: a single swing of the Mksutary electronic fly swatter with a powerful 3000 V output voltage network eliminates flies, mosquitoes, mosquitoes and other flying pests. Widely used for various kinds of indoor and outdoor activities such as gardening, beach, camping, barbecue.
- Bright LED light: With LED light, this electric fly swatter is a 24-hour fly killer, mosquito or insect killer. You can zap them day and night, indoors or outdoors! It can not only help you find, attract and kill the bugs, but also illuminate your street in need.
- USB rechargeable: the built-in battery with a capacity of 1200 mAh supports long continuous use after a single full charge. Connect any USB device to charge it quickly and efficiently. High quality ABS material, which is molded into a sturdy piece with ultrasonic welding technology, makes it sturdy and durable.
- Safe to touch: Press the activation button on your bug zapper racket and an indicator light will light up, now it starts to work. The high voltage is 3000V, and after 3 seconds release the button, there is no remaining high voltage in the iron net. The 3-layer safety net and double trigger design completely protect you from accidental touch and misoperation.
- Environmental safety: Forget about toxic insect sprays filled with chemicals and are completely unsuitable for barbecuing or eating outdoors as they can contaminate or inhale your food. The mosquito zapper is no risk for your safety and is also environmentally friendly.

- Kill the mosquito immediately: Mksutary upgrade mosquito killer lamp and racket 2 in 1. As long as mosquitoes and flies touch the grid, they can be easily removed with a high voltage network. With our powerful electric high-voltage insect zapper you can eliminate insect problems immediately.
- Intelligent mosquito killer: Built-in purple UV LED light, turn the power switch of the electric mosquito swatter into the ON2 position and then place it in the base to act as a mosquito repellent lamp. As soon as mosquitoes and other flying insects are attracted they are killed immediately. Free your hands!
- [Safe Design] Fly Swatter has 3 mesh layers, 2 outer insulation layers and 1 inner ABS protective layer, does not leak electricity and is resistant to deformation. No more worrying about accidental electric shock. Safe for children, pets or the environment.
- Easy to use: a single stroke of the Mksutary electronic fly swatter with a high-performance voltage network eliminates flies, mosquitoes, mosquitoes and other flying pests, and the mosquito body is not trapped inside. So you don't even have to clean the racket power grid.
- Fast charging via USB and long-term use: USB charging makes charging easier. Connect it to any USB device to charge the Fly Racket Killer quickly and efficiently. High quality ABS material, which is molded into a sturdy piece with welding technology, makes it sturdy and durable.
